System check for your audio recording and submission

Let's say "Konnichiwa!" ("Hello" in Japanese) using voice recording and submission function.

Sample audio of "Konnichiwa"

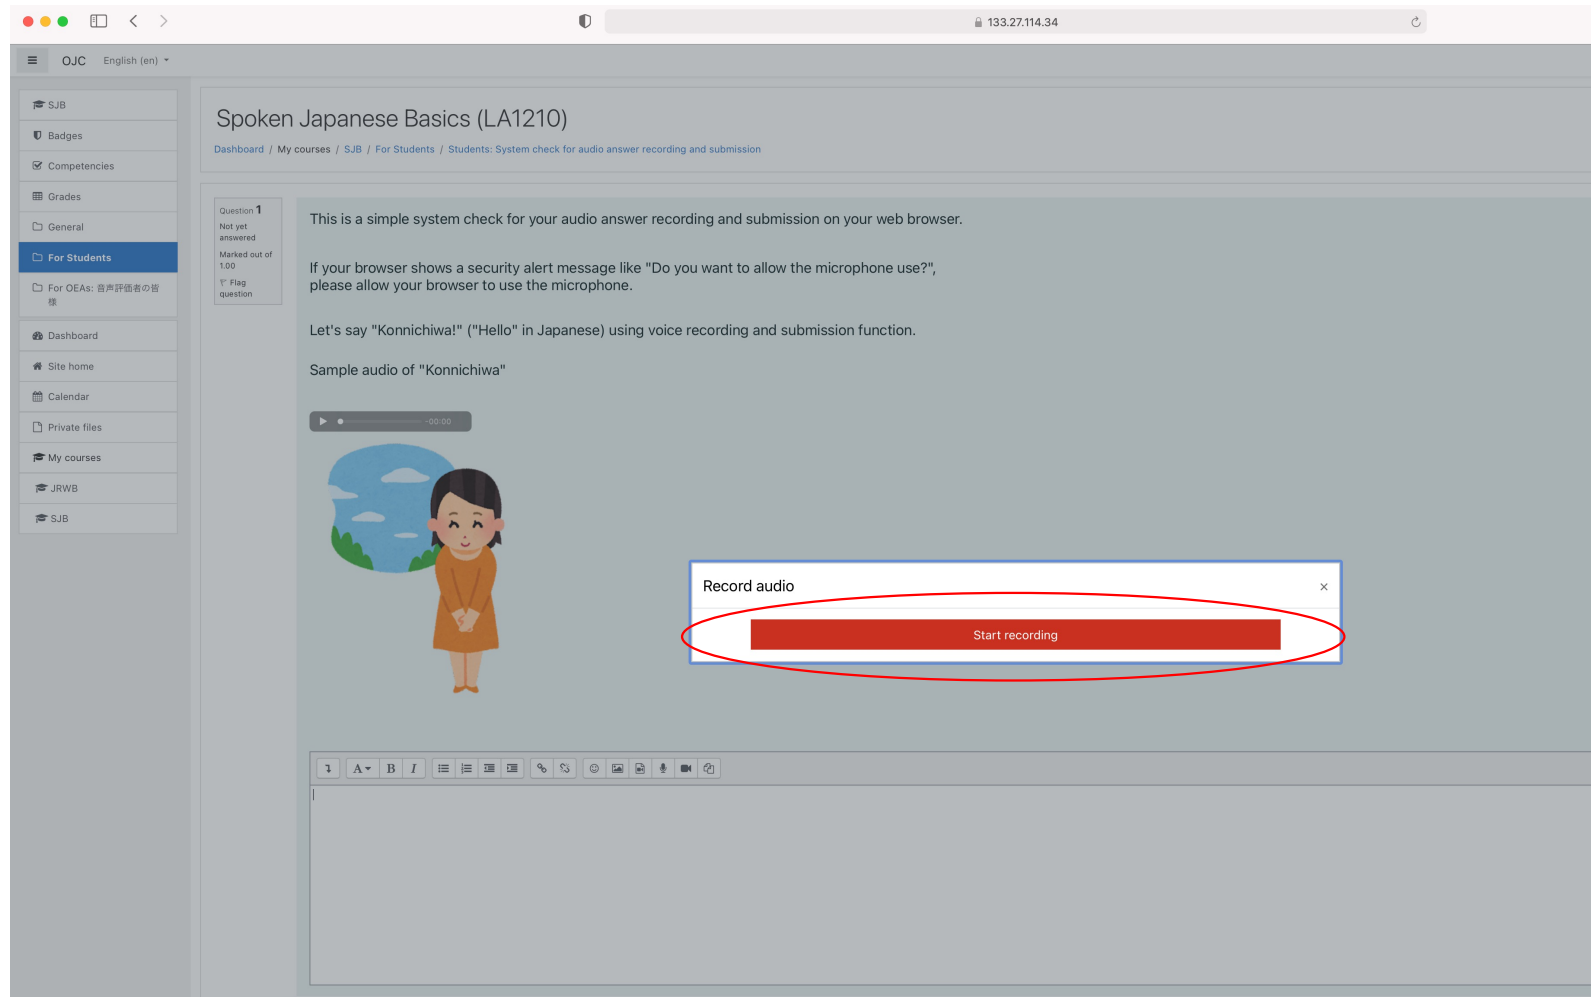

Please use "Record audio" button and insert your answer audio only 1 time!

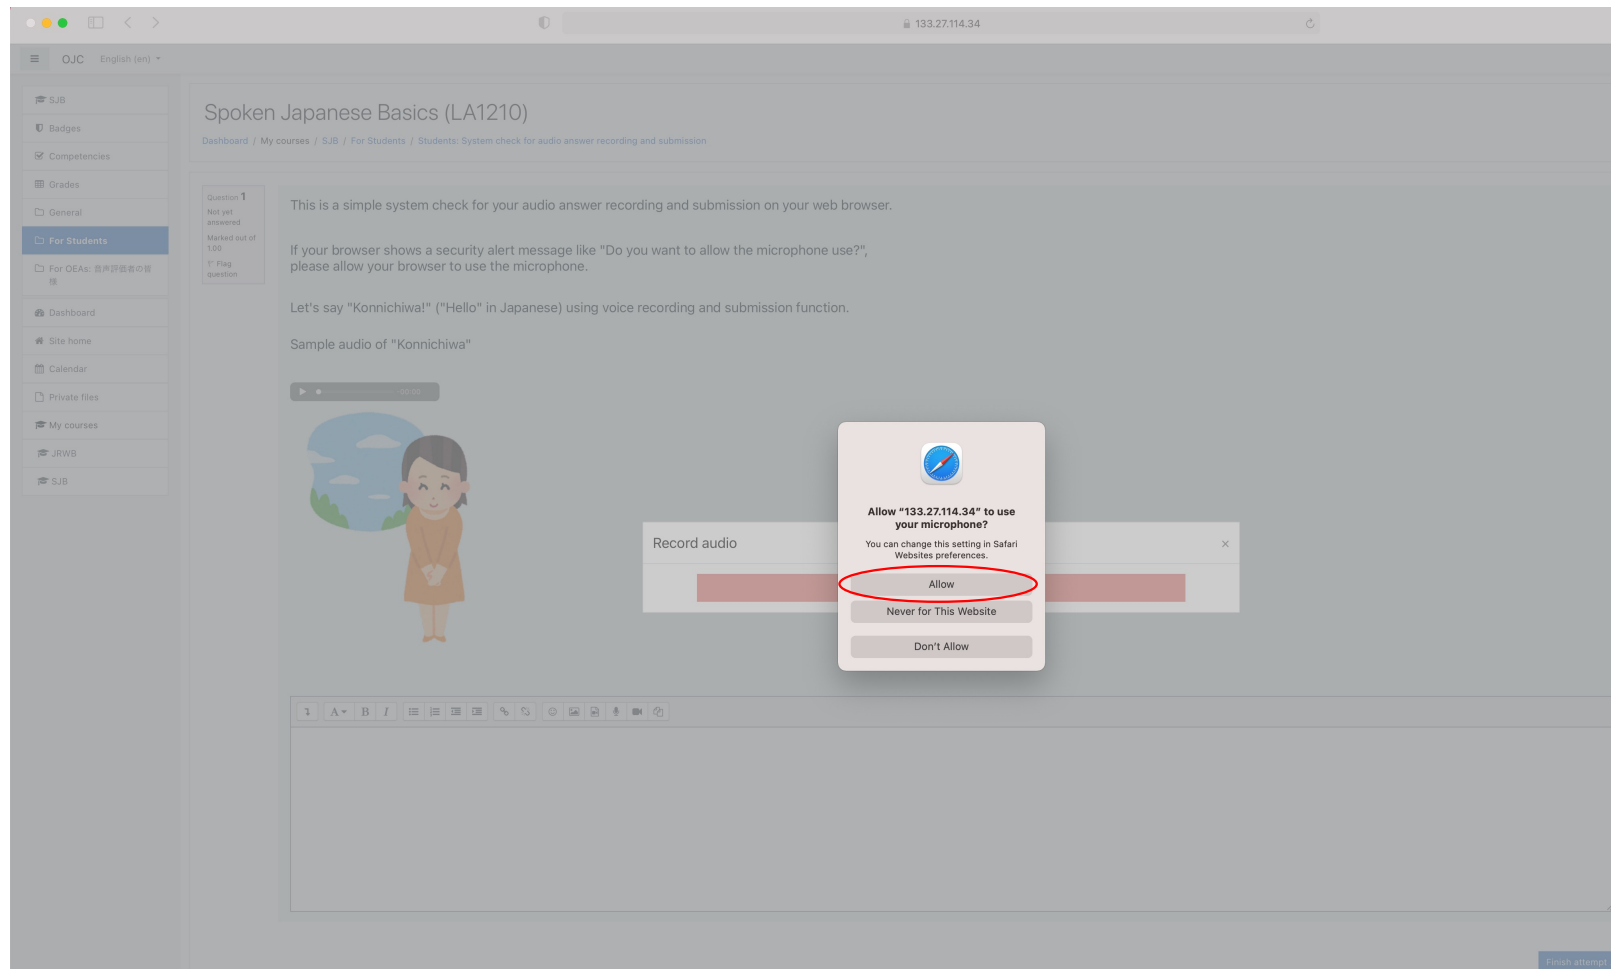

Record audio

Example

Press “Start recording” button

Please allow your browser to use the microphone

Let's record your audio! Even if you press the recording button, please don't speak immediately to collect your audio properly. (If you count 3 sec and start speaking would be best)
